

The Forty Years War: The Rise and Fall of the Neocons, from Nixon to Obama

In *The Forty Years War*, authors Len Colodny, author of the New York Times bestseller *Silent Coup*, and Tom Schachtman, offer an eye-opening expose of the history of the neoconservative movement from its little-known role in Richard Nixon's downfall through its ultimate expression in the preemptive war in Iraq. Groundbreaking and provocative, *The Forty Years War* documents the neocons undermining of the Nixon White House, their success at halting detente during the Ford and Carter years, their uneasy alliance with Ronald Reagan, and their determination to eventually take the U.S. all the way to Baghdad.
