

South Asia and the War on Terrorism

The short- and long-term consequences of terrorism on modern-day South Asia, a hotbed of terrorist activities and operations, are explored in this study. Presented from a regional perspective, this analysis surveys the immediate economic impact of the terrorist acts as well as their direct and indirect links to current political situations. Among the issues discussed are the dramatic shortfalls in apparel exports, international investments, and tourism; the intensified war on terror in Jammu and Kashmir; the resurgence of internal violence in Nepal; and the beginning of a fragile peace in Sri Lanka.
