

Value of Confucianism and Its Practice in Modern Time under the Context of Globalization (Chinese Edition)

The book has a multi-layered analysis on the meaning of Confucianism. It not only explains its humanity glory in comparison with Buddhism, but the way of living and wisdom of life in comparison with western civilization. It explores ways to realize Confucianisms essence against the background of globalization, information technology, and networked world, and how to put it into the current Chinese society in a creative way. These aspects show its advantages in resources for constructing a systemic framework for the harmonious socialist society, ethic enlightenment, interpersonal relations, and peace and stability of the country. It predicts a better future and unlimited possibility for development of Chinese culture.
